About Alternus Clean Energy, Inc.

Alternus is a utility-scale transatlantic clean energy independent power producer. Headquartered in the United States, we currently develop, install, own, and operate utility-scale solar parks in the US and Europe. Our highly motivated and dynamic team at Alternus have achieved rapid growth in recent years. Building on this, our goal is to reach 3GW of operating projects within five years through continued organic development activities and targeted strategic opportunities. Our vision is to become a leading provider of 24/7 clean energy delivering a sustainable future of renewable power with people and planet in harmony. About The Microcap Conference

Organized by DealFlow Events, this 3-day event at Caesars Atlantic City Hotel & Casino will feature company presentations from publicly-traded microcap businesses and qualified private companies across healthcare, technology, financial services, energy, and other high-growth sectors. Keynote presentations and panel discussions led by industry experts will provide key insights into trading strategies, regulations, risk assessment and mitigation, tax issues, and other topics critical to the microcap community. The conference also facilitates networking through 1-on-1 investor meetings and interactive activities and entertainment, including a poker tournament.
